Finding out about Student Clubs and Interest Groups

One of the very special things about St Marys Senior High School is the large number of extra-curricular student interest groups and clubs run by our student leaders, right across the school. The following pages contain important information about many of the activities available at different times of the week and throughout the year.

Why not find out more about those that interest you?

- Club Pop-Up Stalls will be held during an extended recess during Orientation Week. The Stalls will be scattered around the Grass Quad, under the COLA and in front of the Library. This will allow you to talk to the student leaders and Club Patrons to ask questions, collect some information and maybe sign up for a club.
- The available clubs are listed in the table on the following pages (and includes the name of the Teacher Club Patron and their faculty location).
- Most of our clubs also list their meeting time and venue - to allow you to pop along to a club meeting at the advertised time to find out more during the year.

Want to start your own club?

You might like to start your own club - and there have been lots of great clubs started by students just like you!

What do you need to do? Follow these simple steps:

1. Find some like-minded students who are interested in the idea you have.
2. Find a teacher who is willing to support this club by agreeing to be the Teacher Club Patron.
3. Email Leah (leah.havord@det.nsw.edu.au) with your idea - and she will send you a Google Form to complete.
4. Complete the Form - with help from your teacher patron and fellow students.
5. Wait for approval (which will be emailed to you and your Club Patron) - and then your club starts meeting!
